

FABRICATING WITH PRECISION & PASSION

FPS
FLUID POWER SUPPORT

ABOUT US WHO WE ARE

We are a state of the art metal fabrication facility that has been mastering the industry for 20+ years and we continue to progressively grow as we stand by our vision to share expertise, educate and show how we can solve problems by continuing to research, identify and adapt to the needs of the metal fabrication industry and help improve other markets in various sectors.

CLIENT TESTIMONIAL

"Amazing work, state of the art facility, and professional owners and staff that get you what you need, on time and perfect. Powder coating line handles big orders, parts cut, folded, welded all in one place."
