Looking for a new challenge?  
We're urgently hiring!

### OUR HISTORY

FPS was founded in 2000 as a hydraulics consulting company. Once we realized there was a greater demand for metal fabrication services within our own client base, we started providing additional services to meet those needs.

### OUR VISION

To share expertise, educate, provide knowledge and show how we can solve problems by continuing to research, identify, and adapt to the needs of the metal fabrication industry and help improve other markets in various sectors.

### OUR MISSION

To shoot for perfection through continuous process improvements. We will constantly improve the quality of our services, products and operations and will create a reputation of honest, fair, respectful and responsible ethical business judgments while maintaining our integrity at all times.
